

At Aspli we understand how important corporate image is in today's marketplace, and believe that there is no simpler or more effective way to promote a company name, logo or slogan than with the visual impact of a logo on a safety helmet or other safety product. JSP Helmets are specifically designed to allow for a large area for printing a company name or logo from artwork supplied.

- Aspli have been customising helmets for over 30 years
- We use the latest technology to print clear, crisp logo's in up to 6 colours
- Pad printed logos are permanent and will not peel, crack or fade
- Pad printed logos are nonconductive and do not affect helmet performance
- Helmets are printed in 10 working days from approval of artwork
- Minimum order quantities apply (see guide below)

4 Step Guide To Ordering With The Logo Express® Service

1) **Select Type of Helmet (note minimums apply and vary per model)**

As standard we print your logo on the front of the helmet. We can print on the sides and the rear by special arrangement.

2) **Supply Artwork**

Upload artwork preferably Adobe Illustrator .ai or .eps files. Other file formats are accepted, however if poor quality these may incur additional set up charges and require more time for re working the artwork.

3) **Approve Artwork Proofs**

Aspli will email you a colour proof, then simply confirm your order by emailing sales@aspli.com. Alternatively state any amendments that you require and we will re-proof.

4) **Delivery**

Delivery should be completed within 10 working days from approval of artwork.

	FRONT	BACK	SIDES
	 70mm x 35mm	 60mm x 35mm	 60mm x 20mm
 	 70mm x 35mm	 30mm x 20mm	 60mm x 30mm
	 70mm x 35mm	 60mm x 35mm	 60mm x 20mm
	 60mm x 55mm	 N/A	 80mm x 30mm

*Minimum Order quantity 40, Maximum 400, for orders over 400 please contact us for a lead time. Core range of helmets only, Extra's including CR2 and Badge holders and individual names may be subject to a longer lead time. Note minimum is 10 for Skyworker and 8 for Evo 8.

- A maximum of 6 colours can be printed.
- Ink colours may vary slightly when printed on different safety helmet colours. We do not recommend printing light colours onto dark coloured helmets because the helmet colour may show through the ink.
- It is important to select first the colour and quantity before you select 'Customise' . Note your helmet colour may be one of the colours in your logo.
