**SAMSON** METAL FREE  
ENGLAND

### DESCRIPTION

9078 LOAFER – Among the first of its kind, this lightweight metal free safety shoe is perfect for uniform attire. Traditional slip on design makes it easy to remove and slip on in emergency situations. The full grain leather upper offers water resistance and breathability. The cambrelle lining offers moisture absorption, combined with the PU anti-fatigue footbed makes this the most comfortable executive safety shoe on the market. The genuine rubber outsole protects from heat up to 300 C and will increase the durability and lifespan of the product. All of our Samson range is manufactured in an **Environmentally Sustainable Factory** equipped with **solar panel roofing, energy efficient machinery and using recycled packaging materials**. Manufactured in accordance with **ISO 9001 Quality Management** and **ISO 14001 Environmental Management** systems.
