SECUMAR 9S

Buoyancy collar for bathing therapies

1. Description, Fields of application

Purpose of the SECUMAR 9S Buoyancy collar is to give weak swimmers, disabled or elderly people or patients doing a rehabilitation help and safety in water. The collar provides a comfortable position and keeps the head clear ahead of the water.

Possible fields of applications are swimming therapies, rehabilitation and domestic sectors such as treatment in kinotherapeutic baths, medical or cleansing baths or underwater massage in bathtubs.

The buoyancy collar is available in three sizes:

Small: collar size: 28 - 32 cm Order No. 12278

Medium: collar size: 33 - 38 cm Order No. 12279

Large: collar size: 39 - 43 cm Order No. 12280

For easier identification each size has a different coloured label.

2. Function

The SECUMAR 9S Buoyancy collar consists of skin-friendly, robust material (PU), that can be cleaned with disinfecting solution if necessary. Material impair caused by bathing additives are unknown.

• Donning, Doffing

The Buoyancy collar will be inflated via the oral inflation tube and donned around the neck. The collar is closed with a snap hook.

3. Quality

BERNHARDT APPARATEBAU is certified against DIN ISO 9001. The manufacturer is experienced in developing and producing high quality industrial lifejackets for more than 40 years.

SECUMAR that means: SECURitas in MARE.
