# LIFEBUOY THROWING LINE
## MOUNTING INSTRUCTIONS

1

1. Put the line around the lifebuoy and thread the holder <u>and</u> foam padding through the loop.

2

2. Make a knot on the line <u>inside</u> the foam padding.

2

3. Put the line into the holder and make sure that the UV protective sleeve covers the exposed part of the line.

Mount the holder into the buoy.
