

HOW TO WEAR A SNOOD

1.

Hold the Beard Snood with the closures east to west, holding the elastic in one hand and the body of the Beard Snood in the other.

2.

Locate the elastic to the back of the head and make sure the Beard Snood covers the nose.

3.

Locate the Beard Snood under the chin, ensuring all facial and neck hair is properly covered. The Beard Snood elastic should be located over the ears and around the back of the head.

4.

Put on a Hairnet (see how to wear a Hairnet) and locate under the ears, ensuring that the Beard Snood closures are covered by the Hairnet. This provides extra security and ensures the Beard Snood is kept in place. The Hairnet should not be put on first.
