

Our **economy tarpaulins** are waterproof and are widely used as a temporary cover with hundreds of different applications. These tarps are lightweight and easy to handle, rotproof, shrinkproof, UV protected and flexible to minus 20 degrees celcius. Each tarpaulin is manufactured from tough low density polyethylene which is then laminated on both sides with high density polyethylene. Aluminium eyelets are spaced approximately every metre in rope reinforced hems.

Aspli Safety Ltd Quality Product

Economy Tarps

Our **budget priced economy tarpaulins** are widely used in the building trade, agriculture, boating, camping, in the garden and also as a decorating cover. The applications are endless! For outdoor use it is always recommended to securely tie down a tarpaulin to gain maximum life.
