# FLOOR MARKING STENCIL-SETS DURALINE®

Clear floor markings are a key component of modern safety and logistics concepts in industry and car parks. They structure traffic routes, mark parking spaces and ensure clear orientation in daily operations. Professional stencil solutions allow markings to be applied uniformly and in accordance with standards.

### Floor Marking Stencil-Set

- For use with floor marking spray – reusable multiple times
- The surface to be sprayed must be free of dust, grease and other contaminants
- Optimal processing in a temperature range between +5°C and +40°C
- Weighting down the stencil supports precise markings and optimal results
- Film dimensions: 100×58 cm

### Floor Marking Stencil-Set DURALINE® Logistics

- Stencil set consisting of 3 PP films with a total of 9 motifs: parking space markings (cross, line, angle, T, dot, arrow), feet, pedestrians and industrial trucks

### Floor Marking Stencil-Set DURALINE® Parking

- Stencil set consisting of 5 PP films with a total of 6 motifs: parking “P”, “STOP”, electric vehicle, wheelchair, pedestrian / arrow
