

# Skipper. The first and last past the post

◀ The Skipper Post is the amazing system for the successful Skipper product line. Its great versatility allows it to be used on both hard and soft ground, indoors and outdoors.

The unique, interchangeable base allows the post to be sunk into the ground with a spike or attached to its sturdy base for use on hard surfaces. Simply pour water or sand into the base for strength and stability.

Direct and to the point

▶ This A4 sign holder is designed for use with the Skipper unit. Its functional design makes it a great complement to the Skipper product range. It allows you to easily display warnings, promotional messages and directions. Simply insert your A4 message into the polycarbonate sleeve, and slide into the robust u-shaped frame.
